Anyway, you will get more detailed info from Idealis one to two weeks before its
your turn. On other buildings, the timetable was often delayed.

For **more information & pictures of the pilot** on barrack 65, see www.droevendaal.nl
> ElectraProject. Or ask Idealis, Elektra@idealis.nl or bheutink@idealis.nl. If you
want to refuse to let people into your room (it is not really clear yet if that is legally
allowed or not, but you can always try ☺), please notify Idealis by an official paper
and notify mayor@droevendaal.nl.
